

MOTHER'S DAY IS OBSERVED HERE

Appropriate Services Are Held In Several Churches Of the City

With special services in several churches Mother's Day was observed in Rhinelander Sunday. The inclement weather interfered to some extent with the church attendance and the red carnation, which is generally worn on this occasion, when the weather is favorable, was not much in evidence. Hundreds of Rhinelander people, however, did not fail in some manner or other, to pay honor to mother.

"Mother's Day was originated by the late Miss Anna Jarvis of Philadelphia, in 1907. Miss Jarvis invited a friend to spend the second Sunday in May with her to commemorate the date of her mother's death. On this day Miss Jarvis announced her plan for a national observance of "Mother's Day."

The next year Miss Jarvis' propaganda had progressed so far that Philadelphia celebrated the day in church and home, although Miss Jarvis herself, when the day arrived, was too ill to participate in the celebration.

She had written thousands of letters to prominent men, ministers, educators and business men. She had said little about it, however, and her friends did not realize the extent of her work and were surprised at the wide observance of the first Mother's day.

For Miss Jarvis had prevailed on Senator Burkett of Nebraska to introduce a resolution suggesting that the second Sunday in May be created a holiday in honor of mothers, and although other senators derided Burkett when he spoke on the subject, the wires carried the news and many newspapers editorially praised the plan.

Since then governors of many states have issued proclamations asking their citizens to observe the day, and it has become a national holiday to praise mother.

STAPLETON AFTER P. M. CONVENTION

Will Try To Secure Annual State Association Meeting For Rhinelander

Postmaster Matt Stapleton, member of the executive committee of the Wisconsin Association of Postmasters, will attend a meeting of the committee in Milwaukee Monday, called for the purpose of selecting the time and place for the next convention of the association.

Mr. Stapleton states that he will do his utmost to bring the convention to Rhinelander. He says that the convention has never yet been held in the northern part of the state and he feels that this section is entitled to such recognition. He sees no reason why Rhinelander's prospects of securing the meeting are not as good as those of any city in the state.

The convention is usually held during the latter part of August or forepart of September and is attended by about two hundred postmasters.

BUSY MANISTIQUE

E. O. Barstow, who has just commenced his duties as secretary of the Manistique Commercial Club, came over from that city Monday to arrange for the shipment of his household goods. Mr. Barstow states that things are moving lively in the Michigan city. There is plenty of labor at good wages, new families are constantly arriving and extensive building operations are in progress.

Like Rhinelander, there is a scarcity of suitable dwelling houses in Manistique and at the present time a large number of houses are under the course of construction.

WEDGE SPEAKS SUNDAY

Mr. Wedge wishes to state thru the New North to Oneida county towns that he will be compelled to refuse all future offers for evangelistic services outside of Rhinelander and plans to fill the pulpit of Rhinelander Baptist church every Sunday. Subject of Sunday morning sermon, "The Power of the Cross." Sunday eve sermon, "Pilate's Question."

COMMERCIAL CLUB HIRES SECRETARY

L. B. Woodruff Of Canton, Ill., Is Engaged For Barstow's Place

A new secretary has been engaged by the Rhinelander Advancement Association to occupy the vacancy caused by the resignation of E. O. Barstow. At the Tuesday night meeting of the board of directors L. B. Woodruff of Canton, Ill., was hired for the position at a salary of \$1500 per year and office expenses. Mr. Woodruff will arrive in the city Friday to commence his duties.

For nearly three years Mr. Woodruff has been secretary of the commercial association of Canton and was previously president of that body. He comes highly recommended to this city as thoroughly qualified for the secretaryship. He is said to be an energetic worker for community progress and a natural booster.

STEELE GIRL NOT DEAD; TO RECOVER

Little Marguerite Steele of Goodnow was not killed by a falling tree as previously reported, but was badly injured and is still in a serious condition. She will recover.

Marguerite was hanging clothes on a line when the top of a large tree blew off, pinning her to the ground and holding her there. The limb lay across her right shoulder and side of her face. Her mother having missed her a few minutes later searched for and found her in that condition. A physician was summoned, and reached her in the evening. He reported a broken collar bone, injured spine and many bruises over her body.

MISS EBY TO WED

Miss Vivian Eby, daughter of C. Eby of this city, will be united in marriage to Dr. Carl E. Hagland of Albuquerque, New Mexico, on June 1st, 1916. After June 9th they will be at home at 817 N. Eighth street, Albuquerque, New Mexico. Miss Eby has a host of friends in this city. She was born here and made Rhinelander her home up to two years ago when she went to Albuquerque. Her friends congratulate her on her approaching marriage.

ASSAULT AND BATTERY CASES

On complaint of George Lambert Mrs. Walter Trozinski was arrested on a charge of assault and battery. In municipal court she pleaded not guilty and the case was adjourned for one week.

Pleading guilty to assault and battery Edward Mayes, a commercial traveler, was fined five dollars and costs and ordered to leave town by Judge Smith. The complaint against Mayes was made by Mrs. Lulu Holzschuh.

CUPID'S VICTIMS

Miss Agnes Swanson and Andy Hall, both of this city, were joined in wedlock Wednesday morning at the Swanson home on the south side. The young couple were attended by the bride's sister, Miss Sarah Swanson, and Tracie Anderson. Rev. A. J. Snaresmo, pastor of the Norwegian Lutheran church, tied the nuptial knot. After the ceremony dinner was served to the bridal party.

The principals in this happy event are well and favorably known in Rhinelander. The bride was until recently employed at the Wiesman store. Mr. Hall is an electrician for whom the future holds bright prospects.

Mr. and Mrs. Hall are now on a wedding trip and will commence housekeeping upon their return here.

TO ENLARGE CLOTHING STORE

P. F. Seibel is about to enlarge his clothing store. The rooms on Davenport street occupied by the American Express Company and J. J. Remo will be used by Mr. Seibel. This will permit him much more floor space and shelf room and will also give him a Davenport street entrance.

CHURCH CONVENTION HERE DRAWS LARGE ATTENDANCE

The Northeast District Convention of Congregational churches of Wisconsin met with the Congregational church this city during Thursday and Friday of last week. The convention was made up of pastors, and delegates from a number of the Congregational churches of the district. About twenty-five delegates were present and quite a number of local people attended the convention.

The convention was called to order by the moderator, Mr. G. K. Meneely of Antigo, who served as chairman of the convention throughout the session. State Superintendent, L. H. Keller and District Supt. O. L. Robinson of Madison were present and spoke on the new methods of doing the state work and the plans for larger things in the future.

On Thursday evening Mayor Clark delivered the address of welcome to the convention delegates which was well worded and most kindly received. The annual sermon was delivered by Rev. W. R. Dixon of Antigo. Following this address the Lord's Supper was celebrated.

A very helpful address was delivered by Mr. E. L. Luther on the subject "Agricultural Education

and the Rural Community." Mr. Luther stated that it was important for a minister to know something of agriculture. Such knowledge would make him a more efficient minister.

The Woman's Hour, was occupied by addresses by Mrs. L. E. Farham and Mrs. W. R. Dixon both of Antigo. The work, accomplished by the women of the church was ably set forth by these speakers.

Able addresses on the young people's work and the Sunday School work were delivered by Rev. G. W. Waters of Eagle River and Rev. B. F. Schoenfeld of Park Falls.

The convention was brought to a successful climax Friday evening by two inspiring addresses. President Brownell of Northland College spoke on the work of the College and Rev. R. F. Black, Missionary in the Philippines, told of the work and conditions in those islands.

Rev. B. F. Schoenfeld was selected moderator of next year's convention which will meet at Eagle River next May and Rev. G. W. Waters was elected Registrar. The latter also served as secretary of the convention. Rev. W. R. Dixon was elected delegate to the National Council.

COUNTY FIELD MEET MAY 20

Saturday, May 20, will be a gala day in Rhinelander for the graded schools of Oneida county. They will hold a field meet, beginning at 2:00 p. m. at the Fair grounds with the following events:

Boys—100 yard dash. Standing broad jump. Running broad jump. Running high jump. Base ball throw. Chinning the bar. 3 legged race.

Sack race. Girls—50 yard dash. Base ball throw. Potato race. 100 yard relay race.

The school winning the most points will receive the championship banner. In the evening at 8 o'clock the public speakers of each school will match their strength with those of the other schools. The speaking contest will be held at the Training school building.

SURVEY SITE FOR THE NEW HOTEL

The initial step in the actual building of "The Oneida", Rhinelander's new hotel, was taken Monday when D. H. Vaughn and crew surveyed out the site on Brown street on which the structure will stand.

The plans for the hotel are now in the hands of contractors and bids for the construction of the building will be opened in this city Friday, May 26. Several local contractors are figuring on the undertaking and it would be a source of satisfaction to see these men secure the job.

RODD CAPTURES ESCAPED CONVICT

John Horn, Who Flew From State Tuberculosis Camp, Is Apprehended In Hurley

Joseph Horn, the trusty convict who made his get away from the state tuberculosis camp near Tomahawk Lake Saturday, was captured at Hurley by Under-Sheriff Hans Rodd and brought to this city Wednesday. He was turned over to a guard from the Waupun state prison and taken to that institution.

Horn, who is serving a term for manslaughter, escaped from the state camp, after he had attacked and injured Fred Wright, superintendent.

Horn is said to have been under the influence of liquor which he obtained while in Tomahawk Lake where he had been sent on an errand.

The prison officials, it is reported, will make a rigid investigation of the case.

MRS. W. F. LATHROP DEAD

Mrs. W. F. Lathrop died Wednesday night at her home at Tomahawk Lake after an extended illness. Obituary next issue.

LOCAL MEN VISIT NEW STEEL CITY

Pat Cain, county treasurer and Mike O'Malley, proprietor of the Soo Hotel, made a trip last week to the head of the lakes on business, and while there took a trip up the St. Louis River to see the big steel plant and cement works now nearing completion. They report it a sight worth seeing and that the new steel-city of Oliver, Wis., has a great future.

To a representative of this paper Mr. O'Malley said:

"I found everything as represented to me about the new steel plant and cement works. I walked upon the big bridge connecting these industries with Oliver; and am confident that with all this industrial development which is to be seen today, there will be in the near future a city of considerable population. What impressed me most is the fact that there is so much iron ore nearby; there is going to be a great steel manufacturing center at the head of the lakes, backed by a corporation with millions. Here they have the raw material, water transportation, and water power, and it stands to reason that steel products can be manufactured here cheaper than at Gary Ind., or any other steel plant location. I believe Oliver has a future, and I have taken a chance."

CHICAGO MEN BUY FARM

John Fredrickson and A. Nelson of Chicago have purchased the 30 acre farm of Sam Johnson near Lake Julia. The deal was made by J. C. Teal, who recently entered into the real estate business.

Mr. Fredrickson is the inventor of a machine for placing cloth samples in style books, a device which the big tailoring concerns find very valuable as it eliminates the employment of girls who formerly did this work.

Mr. Nelson is a blacksmith and may follow his trade here.

ODANAH STREETS BAD

Indian Agent P. S. Everest has asked the government for an appropriation of \$2000 to repair the damage to the streets of Odanah by the recent flood.

EASTERN STARS TO CRANDON

Tuesday a number of Rhinelander Eastern Stars went to Crandon where they put on initiatory work for Halcyon Chapter. They report the occasion a very pleasant one.

MANY ELKS GOING TO GREEN BAY STATE MAY HAVE 2 NEW REGIMENTS

Rhinelander Herd Will Have Big Delegation At State Convention

Present prospects are that Rhinelander lodge 358 I. P. O. Elks will be represented at the fifteenth annual state convention in Green Bay June 6-7, with a big delegation of live wires who will take a prominent part in the two days program. The local Elks will be accompanied by their base ball team, a star aggregation of amateurs and semiprofs, who hope to capture high honors in the convention base ball contest. There is little doubt but that their ambition will be realized.

It is estimated that about forty-five Rhinelander Elks will make the trip to Green Bay in automobiles. At a recent meeting of 593 nine delegates and nine alternates were selected to attend the convention.

The Green Bay Press-Gazette says:

There is every indication that the lodges throughout the state will be represented with greater numbers than at any previous Elks' convention. The attendance is sure to set a new record for Elks' state convention, if information which comes to Exalted Ruler John W. Gauerke from secretaries of lodges in the state proves correct.

Commencing Monday evening, June 5, when special opening ceremonies will be conducted, there will be a dance each evening on the pavement in the block on Cherry street, between Adams and Jefferson streets. A band of 30 musicians will play for dancing. The brick pavement will be prepared so that it will be as smooth as a regulation dancing floor. The first dance will be a "community dance" for everyone, the dance on the evenings of June 6 and 7 will be for Elks and their friends, but the street is large enough to accommodate outsiders, it is thought. Opening ceremonies will be performed on the lawn of the Elks' club house.

This year there will be an afternoon parade, and it is believed 2-500 uniformed Elks, besides many more not in uniform, will march. Trophies will be given to the lodge having the largest representation in the parade and to the lodge whose marchers make the best appearance. Base ball matches will be played on the morning and afternoon of June 6, and the winners of the two contests will meet on the morning of June 7 to compete for the championship. Automobile rides, social sessions and other amusements will be on the program, which is being completed now by the lodge officers.

Eight bands, among the best in Wisconsin, will be brought to the convention by Elks' lodges. The Sheboygan band of 50 musicians will head the list. Bands will come from Milwaukee, Racine, Oshkosh, Manitowish, Fond du Lac, Appleton, Kaukauna and other cities.

Decorations for this Elks' convention will be on entirely new lines. The decorating committee has decided upon most of the details of the decoration scheme. While the decorations will be concentrated in the blocks on Cherry street between Washington and Jefferson streets, there will be decorations in other parts of the city also. Merchants have agreed to do a share of the decorating. Members of the lodge and other citizens are expected to hang out their American flags and Elks' emblems and banners at their homes during the convention.

NEW BUILDING

Ground was broken Monday on Archie Sievwright's lot between the Hergren and Owl saloons on Brown street for the erection of a two story brick store and office building. Mr. Sievwright and F. E. Krellow are the builders. The structure will be modern in every detail and will be a credit to the business section of this city.

WILDWOOD TO OPEN

"Wildwood," D. A. Roger's new summer resort and pavilion up the Wisconsin river, will open tonight with a grand ball. Music by LaMotte's orchestra.

NEW BLACKSMITH FIRM

Joseph Bodwin, a well known young blacksmith of this city who was until lately in the employ of Hans Lehne, has entered into partnership with Fritz Carlson in the general blacksmithing business at the corner of Brown and Phillips street. Mr. Carlson has been in this location for some time past. Both gentlemen are skilled workmen and guarantee good service in all lines of blacksmithing.

Bill In Congress To Increase National Guard Membership To 425,000

Members of Company L and other Rhinelander people who manifest concern in military affairs will be interested to learn that if the national guard of the country is increased to 425,000, the provisions in the bill which will probably be recommended to congress today, it means that Wisconsin will have at least two more regiments.

While nothing has been given out as yet from the adjutant-general's office it appears certain that if that increase is made that the Wisconsin national guard will be entirely reorganized so that regiments can be concentrated in more of a unit than they now are. For instance the Second infantry is scattered from Ashland to Beaver Dam; the First, located in Milwaukee and the southern part of the state, has Xenia in its ranks; the Third extends from Viroqua to Superior.

While there is no company in the guard that what would dislodge it is believed the head of the guard will see the folly of creating new regiments that have companies sandwiched in the territory of other commands.

The increase will mean rapid promotion for many officers. Two more regiments means ten new field officers, colonels, lieutenant colonels and majors, meaning that ten captains will be promoted. It is not thought that any new colonel would desire an inexperienced quartermaster and lieutenants will probably be promoted to those positions, making forty-four officers that will be promoted, considering the captains to go to majors, the first lieutenants to captains, the seconds to first and the sergeant to second lieutenants. What territory will be tapped to provide for the increase is a gamble.

TO FINISH BOOK IN TWENTY YEARS

Demented Man Of Marshfield Claims He Is Busy On Great Literary Work

Declaring that he is writing a book, which will require twenty years to complete and that he has already devoted five years to it, Jacob Schimmer, who claims Marshfield to be his home, was picked up by the police here a few days ago friendless and penniless.

To the officers Schimmer stated that he left Marshfield recently in quest of material for his book, a that while in Pelican Lake he gathered his entire funds, about twenty dollars, to a stranger, who said was in need.

Although Schimmer is believed by the authorities here to be demented, he is nevertheless, an interesting character, rather quaint in his ideas and possessed of certain degree of philosophy.

"Sylvanus" is the name of the book which he claims he is writing. According to his assertions various trees are the characters and the work deals with the problems of life. From Schimmer's description the book is on the order of "Pilgrim's Progress." For last five years he has been engaged on the book and he figures it will take him at least twenty years more to finish the task.

Schimmer is about thirty years of age. His mind seems dwelt chiefly on literary matters and he has among his effects many articles, written by himself in rambling vein on topics of public interest. One of these is a letter to President Wilson in which he criticizes the president and his policies.

Schimmer, it was learned, property and cash in Marshfield and relatives there were communicated with and he was forwarded to return to that city.

GOES TO PRISON

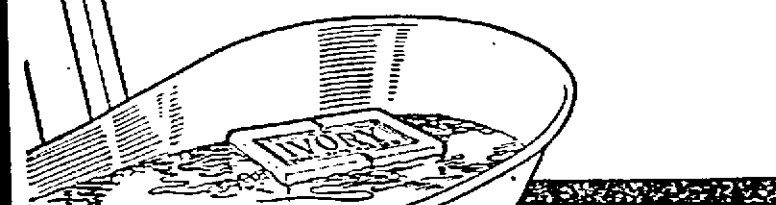

At Madison Saturday Fred McIntyre, former postmaster Eagle River, was sentenced one year in the federal prison at Leavenworth, on account of a shortage in postal funds. An employee of the government Eagle River, Vilas County N.

THE tenderest skin in the world is that of a new born baby. The soap that nurse uses for its bath indeed must be the mildest in the world.

If you could take a peep into the millions of nurseries where Ivory Soap is used you would know that Ivory is good enough for your bath and toilet too.

Ivory is the favorite nursery soap because it is the mildest, the purest, the finest that can be made. For the same reason it should be your favorite too.

IVORY SOAP... IT FLOATS

HEALTH
EXTENSION DIVISION
NATIONAL INSTITUTION OF HEALTH
Inventing Baby Stock
Taking part in the arrangements for a local celebration of Baby Week has just put an irritating question mark in the minds of many Wisconsin people. Learning that New Zealand has cut a low infant death rate in two and immediately saved the lives and health of many hundreds of babies, Wisconsin people have been impelled to ask themselves and one another what could we do to make conditions better for OUR babies. If New York with its difficult tenement house and ignorant un-American immigrant problems could reduce a infant death rate 30 percent in five years perhaps we ought to take stock, also, and action if action is demanded.

That is a big thing to have accomplished if it never goes any further. But it is going further. Already citizens of Fond du Lac and Fausau have sent to this bureau for assistance in studying and interpreting the facts contained in the file of death certificates in the office of the local health departments. More will follow just as surely as day follows night. Death certificates are taking on a new appearance. No longer are they mere chronicle of misery, suffering and death. They contain knowledge and knowledge saves life. Like losses in business, loss of life properly studied may point a way to success.

The study of the infant mortality problem of Wisconsin, so far as has proceeded, indicates that we have a different problem in many respects than have the larger cities which led off in the movement to save baby lives. We find, for example, in many cities that more babies die in fall and winter months than do in hot summer months. Indeed, deaths and births in Wisconsin fall together in months which have a high number of births have a high number of deaths and here we shall probably find the crux of the problem.

Dr. Dorothy Reed Mendenhall of Madison has perhaps been the investigator most vigorous and outspoken in setting forth the fact that many babies die during or shortly after birth. She holds that as babies haven't had a fair chance, that they've been blighted conditions affecting the mother by improper and insufficient care during birth.

The loss of babies in the homes

of poor industrial city people who have such a struggle against poverty as to require prospective mothers to work in factories almost to the day of confinement is no new thing. But that similar losses occur in prosperous Wisconsin cities and rural communities that have no industrial women problem is startling and more significant than many have realized. The further the study is pushed as to why these women and their babies should die in so great a proportion, the clearer becomes the fact that ignorance concerning the care of mothers and babies is too common in a great, enlightened state like Wisconsin.

"CHAMBERLAIN'S TABLETS HAVE DONE WONDERS FOR ME"
"I have been a sufferer from stomach trouble for a number of years, and although I have used a great number of remedies recommended for this complaint, Chamberlain's Tablets is the first medicine that has given me positive and lasting relief," writes Mrs. Anna Kadin, Spencerport, N. Y. "Chamberlain's Tablets have done wonders for me and I value them very highly." Obtainable everywhere.

by Ald. Gilligan that this petition be referred to the Supt. of Water Works and that he report on the cost of installation of same at the next regular meeting of the Council. Carried.

Moved by Ald. Noble, seconded by Ald. Wight that the Supt. of water Works also report on the cost of installation of water main to be laid from the corner of Shepard street and Lake Shore Drive and to cross the Chicago & Northwestern tracks to Claude Shepard's out lots. Carried, all voting aye on roll.

Rhinelander, Wis., April 25, 1916.
The following petition was read:
To the Hon. Mayor and Common Council:

Gentlemen: We, the undersigned residents and taxpayers of the fifth ward and residents of and on Baird Avenue, do respectfully petition your Hon. Body to have a water main laid on Baird Avenue, from Lincoln street to Lake Shore Drive, and also have the same avenue put in such shape that the fire truck will be able to make safe passage.

Respectfully asked,
(Signed) F. J. Walls, and others.
Moved by Ald. Gilligan, seconded by Ald. Vaughn that this petition be referred to the Supt. of Water Works and that he report at the next regular meeting of the council. Carried.

The following report was read:
To the Hon. Mayor and Common Council of the City of Rhinelander:

We, the Board of Public Works, to whom was referred the petition for sewer and water extension on Dorr Avenue, herewith submit our report.

We recommend first that a permanent grade be established on Dorr Ave from Ocala street to the south end of Dorr Avenue before any water or sewer mains are laid on this street. The estimated cost of laying a four inch water main from Itasca street south on Dorr Ave to lot 12 in block 9 of Pelican addition is \$1000. The estimated cost of laying an eight inch sewer main on Dorr Ave, from lot 12 in block 9 of Pelican addition north to Ocala street, exclusive of any rock clause in contract for this work, is \$250.00. The cost to the city for this work is estimated at \$750.00.

Inasmuch as the total levy for the year of 1916 for all new water extensions is \$1000.00 the retiring board of Public Works submit the above statement without recommendations relative to the construction work.

Respectfully submitted,
(Signed) Geo. Jewell

Thomas Morse
Chas. F. Barnes
Board of Public Works.

Dated April 29th, 1916.
Moved by Ald. Danielson, seconded by Ald. Gilligan, Jr., that the report of the Board of Public Works be referred back to the new board and that they report on this matter at an early date. Carried.

RESOLUTION

Resolved, by the Mayor and Common Council of the City of Rhinelander, that the Merchants State Bank and the First National Bank of the said city of Rhinelander be designated as the depository for the city funds for the two (2) years beginning May 1st, 1916 and that the said banks be required to furnish bonds of indemnity to the said city in the amount of twenty-five thousand (\$25000.00) Dollars each.

Introduced by Frank Pecor, Alderman.
Moved by Ald. Wight, seconded by Ald. Fletcher that the resolution be adopted as read. Carried, all voting aye.

Ordinance
The Mayor and Common Council of the city of Rhinelander do ordain as follows:

Section one of Chapter one of the ordinances to revise, amend and consolidate the ordinances of the City of Rhinelander, published on the 12th day of March, 1908, and afterwards amended November 3rd, 1914, is hereby amended to read:

Section 1. The officers of the city of Rhinelander, shall be a Mayor, treasurer, clerk, comptroller, attorney, assessor, city engineer, two justices of the peace, health officer, street commissioner, chief of the fire department, board of public works (to consist of the comptroller, attorney and city engineer), board of school commissioners, three policemen, (one chief and two assistants), and two aldermen and one supervisor from each ward. The office of police clerk is abolished. This ordinance shall take effect and be in force from and after its passage and publication.

All ordinances and parts of ordinances in conflict herewith are hereby repealed.
Offered by Chas. F. Barnes, Ald.
Moved by Ald. Wight, seconded by Ald. Noble that this ordinance be laid on the table indefinitely. Carried, all voting aye as the roll was called.

The following resignation was read:
To the Mayor and Common Council of the City of Rhinelander:

I hereby tender my resignation from the office of Assessor for the city of Rhinelander, Wisconsin, said resignation to take effect at once.
Dated at Rhinelander, Wisconsin, May 1st, A. D. 1916.

(Signed) M. McRae.

Moved by Ald. Fletcher, seconded by Ald. F. Pecor, that the resignation of Mr. McRae be accepted. Carried, all voting aye.

Moved and carried that the water works ordinance be laid over until the special meeting to be called some time later.

For member of the Board of Public Works from the council the mayor appointed Mr. Frank Pecor.

Moved by Ald. Gilligan, seconded by Ald. Wight that the appointment be confirmed by acclamation. Carried.

Moved by Ald. Gilligan, seconded by Ald. N. Pecor that the matter of building a side-track and storage bin and shed for the pumping station for coal be left to the committee on water works and the Supt. of Water Works to act as they deem best. Carried.
